

1SC GUARDING LIMITED

TITLE: Environment Policy	REF NO: QM 06/8	PAGE: 1 OF 2
----------------------------------	------------------------	---------------------

ISSUE: 2			
-----------------	--	--	--

1SC is committed to the principles of sustainable development and to the promotion of environmental quality and to the continuous improvement of the services it provides. The aim of 1SC is to provide quality services and the enhancement of the opportunities for staff and businesses and the provision of a healthy, safe, clean and rich environment.

The Company will deliver services for clients and businesses with an aim to Protect the environment in partnership with its staff, contractors, residents for which we serve, the voluntary sector, business, other public authorities and educational establishments.

To achieve these goals, we will via BPEO (Best Practical, Economic Options) and BATNEEC (Best Available Techniques Not Entailing Excessive Cost) principles:

1. NATURE, ECOLOGY AND BIODIVERSITY

Protect and **Enhance** the natural environment under its control, including water, trees, animals, plants and soil to ensure that the diversity of living things is protected. The Company will do this by the careful management of its own land and will **promote** similar action by others.

2. ENVIRONMENTAL AWARENESS AND EDUCATION

Promote and **Enhance** environmental awareness within the company and for employees in accordance with the Companies Equal Opportunities Policy. We will work with the community, business, the voluntary sector and other public authorities to achieve these aims.

3. POLLUTION (OF AIR, WATER AND NOISE)

Protect air, water and soil from pollution and discourage and enforce against noise nuisance within the powers and resources available to the Company. In addition, we will **Promote** action in the community and by other public bodies to prevent pollution, including mediation, and lobby for action against pollution where it can.

4. ENERGY AND WATER CONSERVATION

Promote energy and water conservation within the company and ensure that all sections of the business have fair and equal access to water and energy. **Enhance** activities, which efficiently use energy and water resources from non-polluting renewable sources and ensure that staff have access to advice regarding energy and water conservation.

5. WASTE, RECYCLING AND LITTER

Promote and **Enhance** the reduction and re-use of "waste" and aim to recycle the materials, which can be recycled. **Enhance** and continuously monitor the need for more recycling facilities and **Promote** the provision of recycling services by others.

6. TRANSPORT AND COMMUNICATIONS AND TECHNOLOGY

Promote and **Protect** the safe use of transport and telecommunications and low emission vehicles for 1SC businesses.

TITLE: Environment Policy	REF NO: QM 06/8	PAGE: 2 OF 2
----------------------------------	------------------------	---------------------

ISSUE: 2			
-----------------	--	--	--

Promote the use of service enhancing technology to improve both **service delivery** and **safety**, including but not limited to Logosoft Systems, Deister patrol recording devices, Satellite Navigation technology and CCTV and other people monitoring systems..

7 EQUALITY, FAIRNESS AND ACCESS

Promote and **Enhance** equal access to the environment and seek to ensure that all of 1SC staff and visitors care for their environment. 1SC will also **Promote** the availability of applicable environmental performance information by other organisations.

ENVIRONMENTAL REVIEW, MANAGEMENT AND MONITORING

1SC will continually review and monitor its environmental performance and will implement appropriate environmental management controls in order to **Enhance** its own environmental performance. 1SC will regularly review this Statement and **Promote** its aims in all of its services.

Signed.....
David Jones, Managing Director.
